PROFESSIONAL SUMMARY

An experienced Frontend Developer adept in bringing forth expertise in design, installation, testing and maintenance of software systems. Proficient in JavaScript, React, and Node.js, with a proven track record of delivering high-quality software solutions on time. I thrive on transforming innovative ideas into seamless user experiences! I've successfully crafted responsive and visually stunning web applications. My motivation stems from a desire to create impactful digital solutions. I'm always eager to learn and push the boundaries of what's possible in the frontend world!

EXPERIENCE

Frontend Intern

Beautiful Beginners Nursery and Primary School, Iyana-Ipaja Lagos -
Computer Instructor
February 2022 - October 2022

- Equipped the primary students on the basics of programming
- Enlightened the junior ones on how the computer system works.

PROJECTS

Ecommerce Website

- Built a simple e-commerce platform which includes a shopping cart, product filtering, and user authentication with no core functionality..
- Integrated with DummyJSON API to fetch and display product data dynamically.
- Implemented pagination and category filtering using React hooks.
